

EVO Streamz Productions is offering the 2010 RB Broncos Varsity and JV football teams a professionally produced season highlight DVD. We will film each game this season in High Definition, so the quality is second to none.

WHO WE ARE

EVO Streamz is run by Dave Evenson, an RBHS grad who has worked in San Diego Television (Channel 8 - CBS Affiliate) as well as on the national level with NFL Network.

WHAT YOU GET

A DVD copy of the "2010 Broncos Football" as well as all the highlights of your son we capture throughout the season. At each game we'll have at least 2 cameras dedicated solely to shooting individual players on each play. Some highlights that we've captured can be seen at the Broncos Gridiron website as well as <http://www.youtube.com/rbbroncosfootball>. We will also upload all the highlights of your son on to his own youtube page for all family and friends to enjoy for years to come. So for all you parents that like to film the game yourself, sit back and enjoy the game, we'll take care of the video recording for you!!!

COST

The Varsity DVD will be \$130, and JV will be \$120. This is a very good bargain as we did this with Westview a couple years ago and the cost was \$200 (which 85% of the team purchased). In past years many parents have purchased the DVD as a Christmas or birthday gift for their son.

OPTIONAL RECRUITING PACKAGE

Over the years we've done several recruiting reels for players and had good success (UCLA, ASU, Purdue, Missouri, SDSU, and USD to name a few). For more info on what the Recruiting Package entails and its cost please contact us. Also, should you purchase a "recruiting video" the 2010 season DVD is included in that cost.

If you're interested in ordering a copy of the 2010 season please contact Dave Evenson ASAP. With the first game less than two weeks away we want to make sure we get footage of your son in every game.
